GAIN THE CONFIDENCE AND SKILLS NEEDED TO MAKE A DIFFERENCE!
12-month program offered in partnership with the Vizient/AACN Nurse Residency Program™

FROM THE CLASSROOM TO A REWARDING NURSING CAREER

Rochester Regional Health now offers an RN Residency Program specifically designed to support newly licensed nurses as they transition into clinical practice.

We value all of our nurses and believe in training equity. Our program is all-inclusive—every newly licensed RN with less than 12 months of experience at Rochester Regional will be enrolled. Both associate- and bachelor's-prepared RNs are welcome!

Benefits for you

- Expanded clinical skill set
- Hands-on training and clinical experiences
- Mentorship by our accomplished nursing professionals
- Access to valuable professional development resources
- Interprofessional team-building
- Lasting relationships with care team colleagues

Increase your abilities

- Build effective decision-making skills.
- Provide clinical nursing leadership when administering care.
- Incorporate research-based evidence into your practice.
- Formulate a professional development plan.
- Start your journey to becoming a clinical leader.
